Have you earlier worked on any strawberry farm in Finland - where?

The picking season normally lasts from 7 to 10 weeks (between 1.6.–31.8.)

The picking season varies according to the harvest.

The length of the picking workday (contract work) varies between
4.00 A.M. - 6.00 P.M. and 0 - 10 hours a day.

The collective agreement for agricultural work and the valid labour law
are applicable to the employment.

Please send the application directly to employer by the end of February.

– Late application are also considered.

How many weeks would you able to work?
